Trust Indenture Data are shown, as far as applicable, under the same headings as in Part I.

If material pursuant to the Trust Indenture Act of 1939 is included in the Registration Statement, reference is made (in the Part I entry) to the Trust Indenture Data file number (22-) and details will be found in Part II of the same edition of the report. Data in Part II show cross reference to the registration statement file number (2-), if the data are filed as a part of a registration statement.

INSTRUCTIONS - The various items of information which appear in the report are arranged according to a system of indentations which parallel the indentations in the column headings. A HANDBOOK on registration procedure illustrating the method used in reporting registration events, and containing digests of the principal registration forms, may be obtained from the Commission on request.

INDEX - An alphabetical list of the names of all security issuers included in this report appears on the cover page. A cumulative index to registration statements appearing in the report is issued periodically.

- AMEND - amendment
- CONS - consent; i.e., consents of experts required to be furnished in registration statements

- FS - financial statements
- PR - prospectus

PHOTOCOPIES - The number of pages contained in each document filed with the Commission is reported in order to facilitate the placing of orders for photocopies. The Commission supplies photocopies of any document, or any part of any document, on public file. IMPORTANT

The Securities and Exchange Commission does not pass on the merits of securities registered with it. It does not guarantee any securities, nor can it guarantee the correctness or accuracy of information filed with it in registration statements. The Securities Act of 1933 provides that a registration statement be on file with the Commission and open to public inspection for at least twenty days before a security issue may be offered for public sale in interstate commerce. The Act also requires that a prospectus containing a summary of the data in the registration statement be given to each purchaser of such securities at or before the time of the sale.
